

what are workflows?

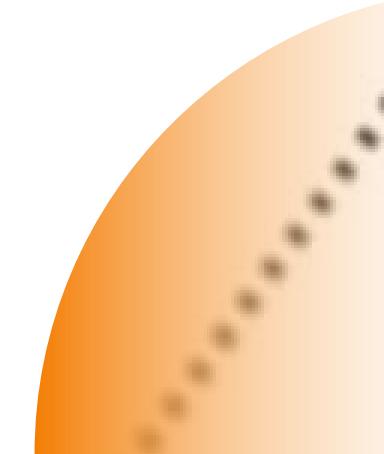

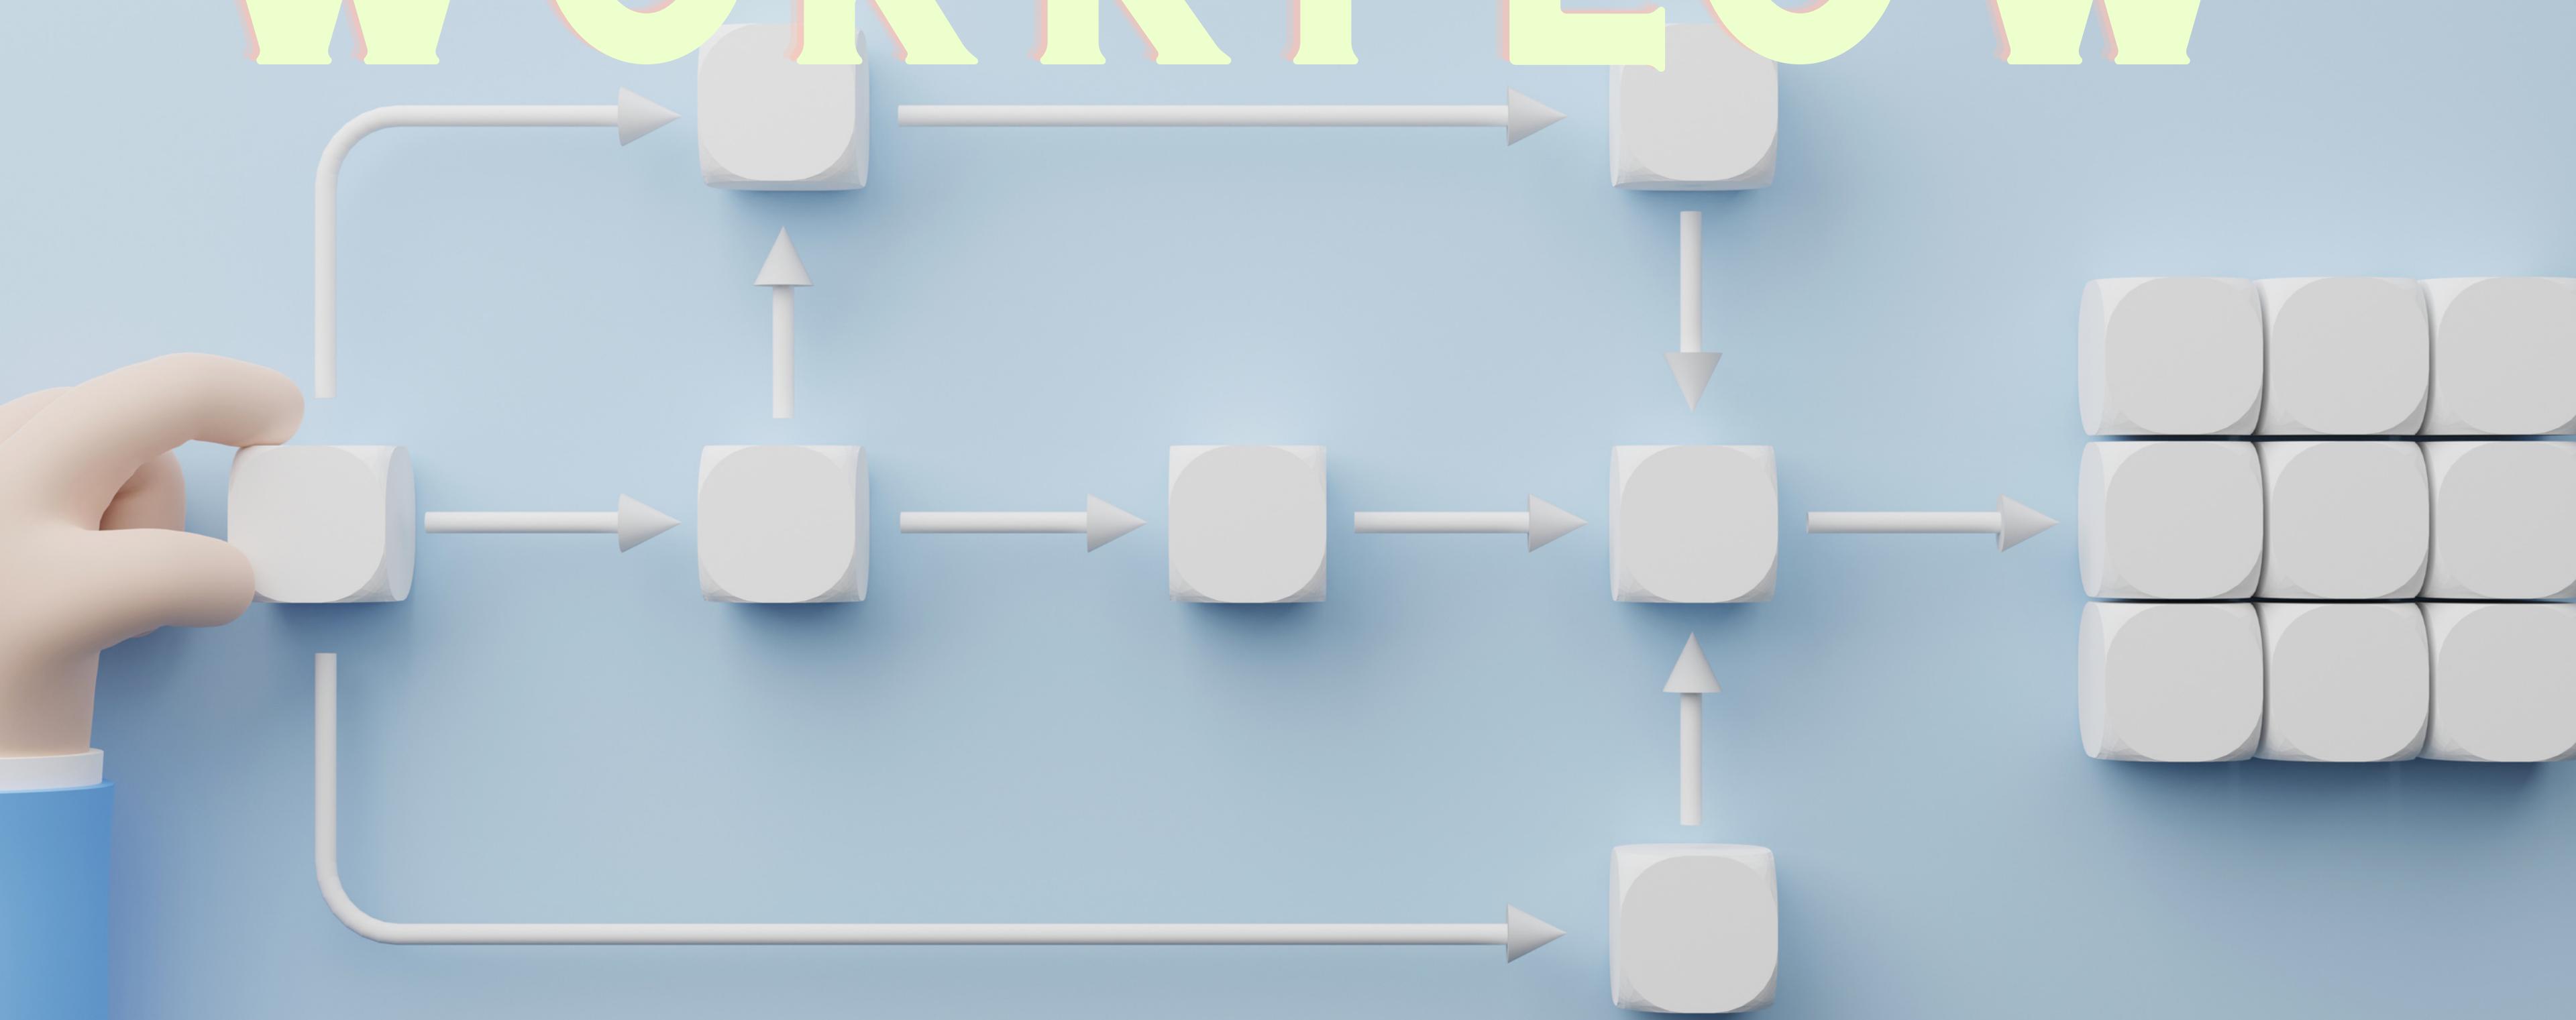

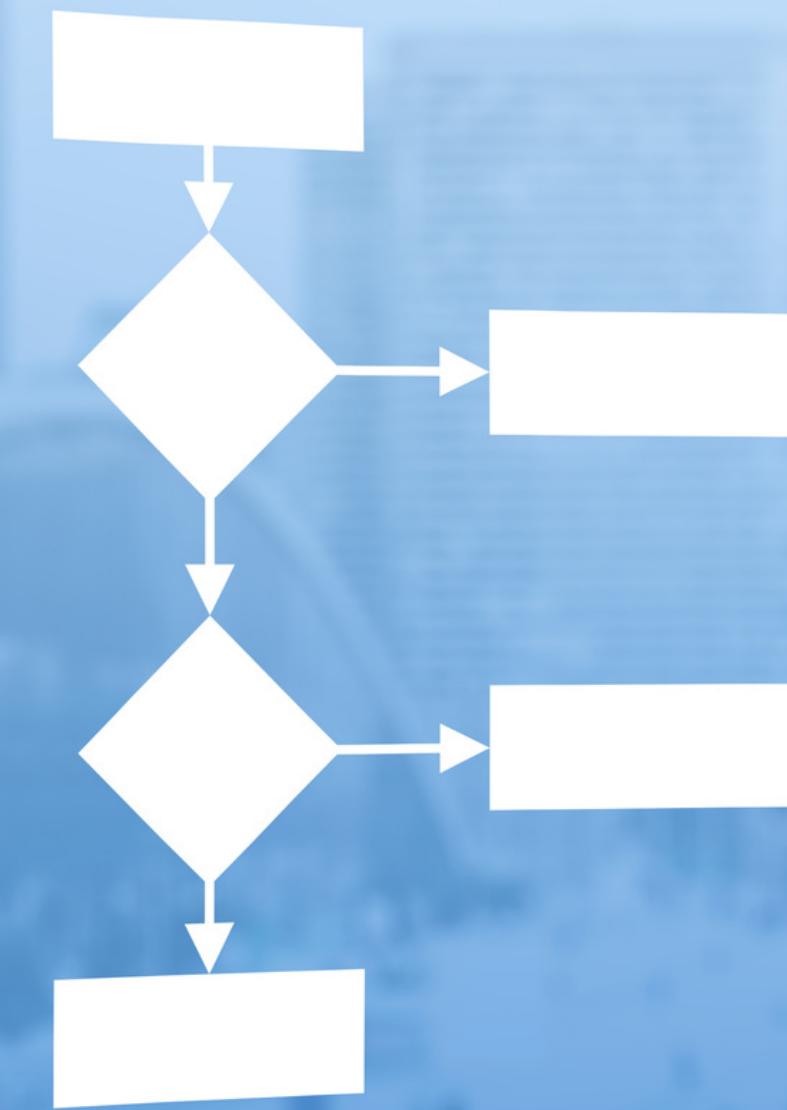

***Sending out invites
Buying decorations
Ordering the cake***

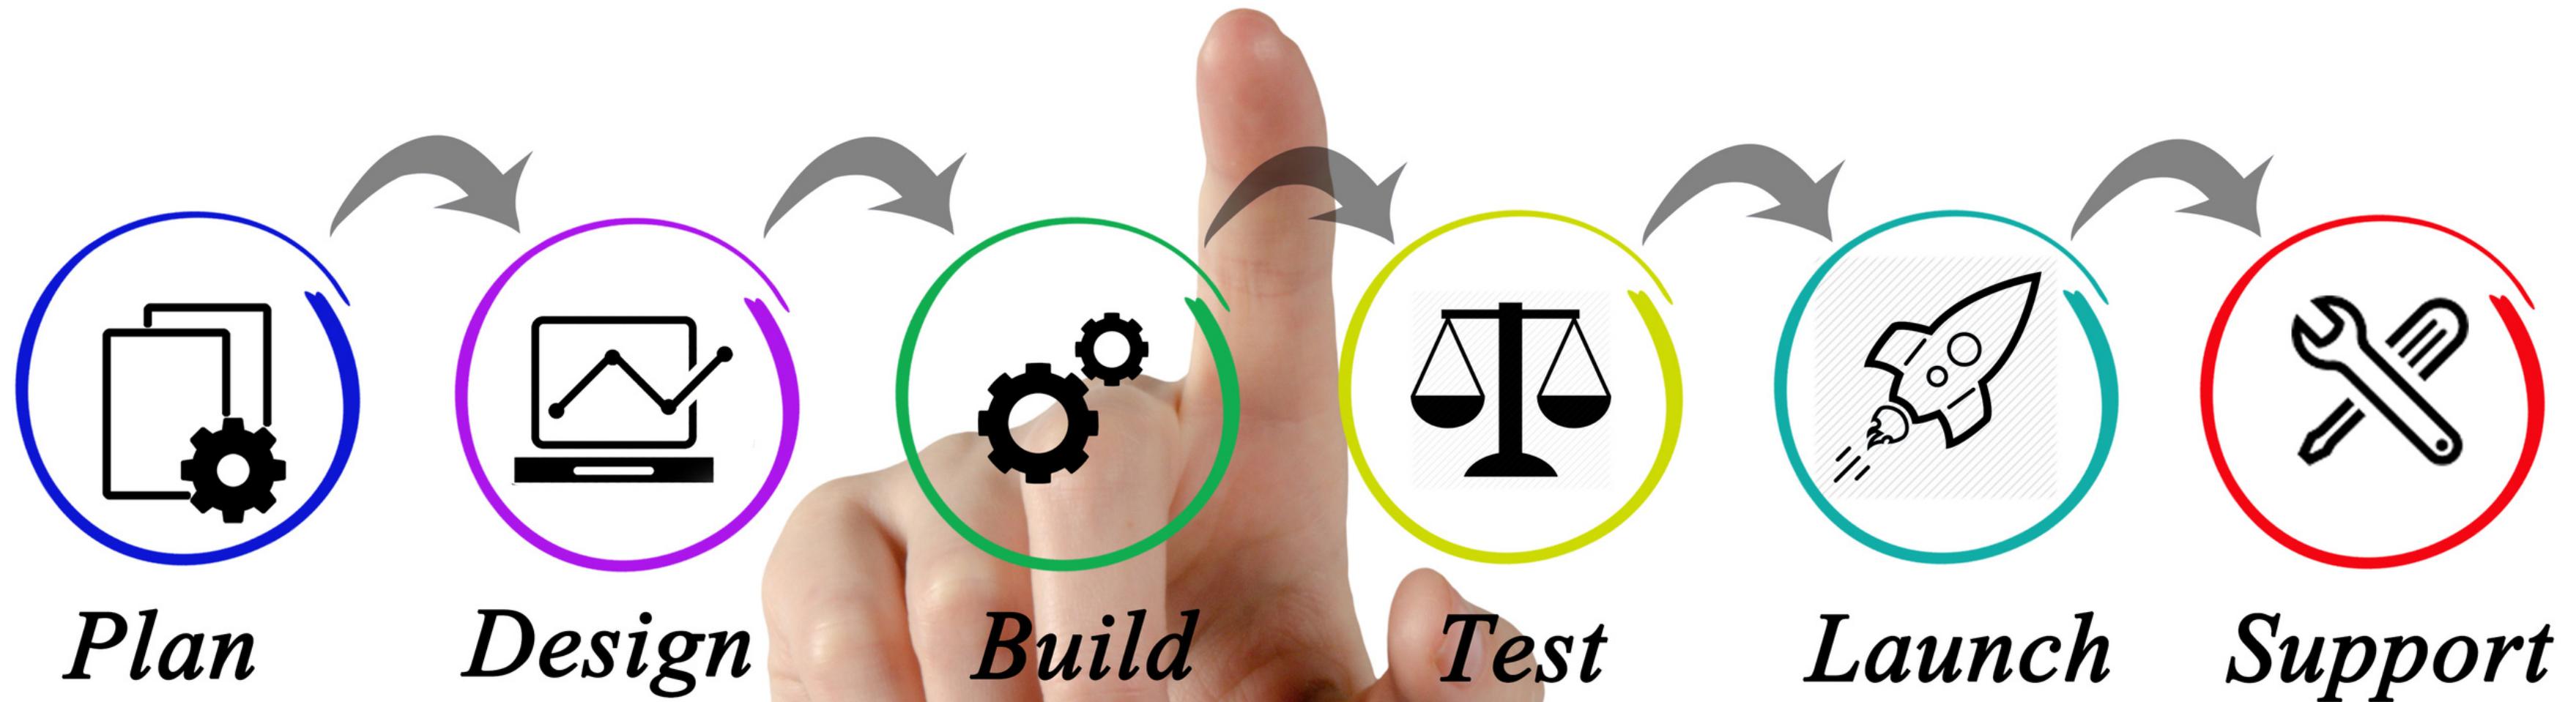

CHECKLIST

WORKFLOW

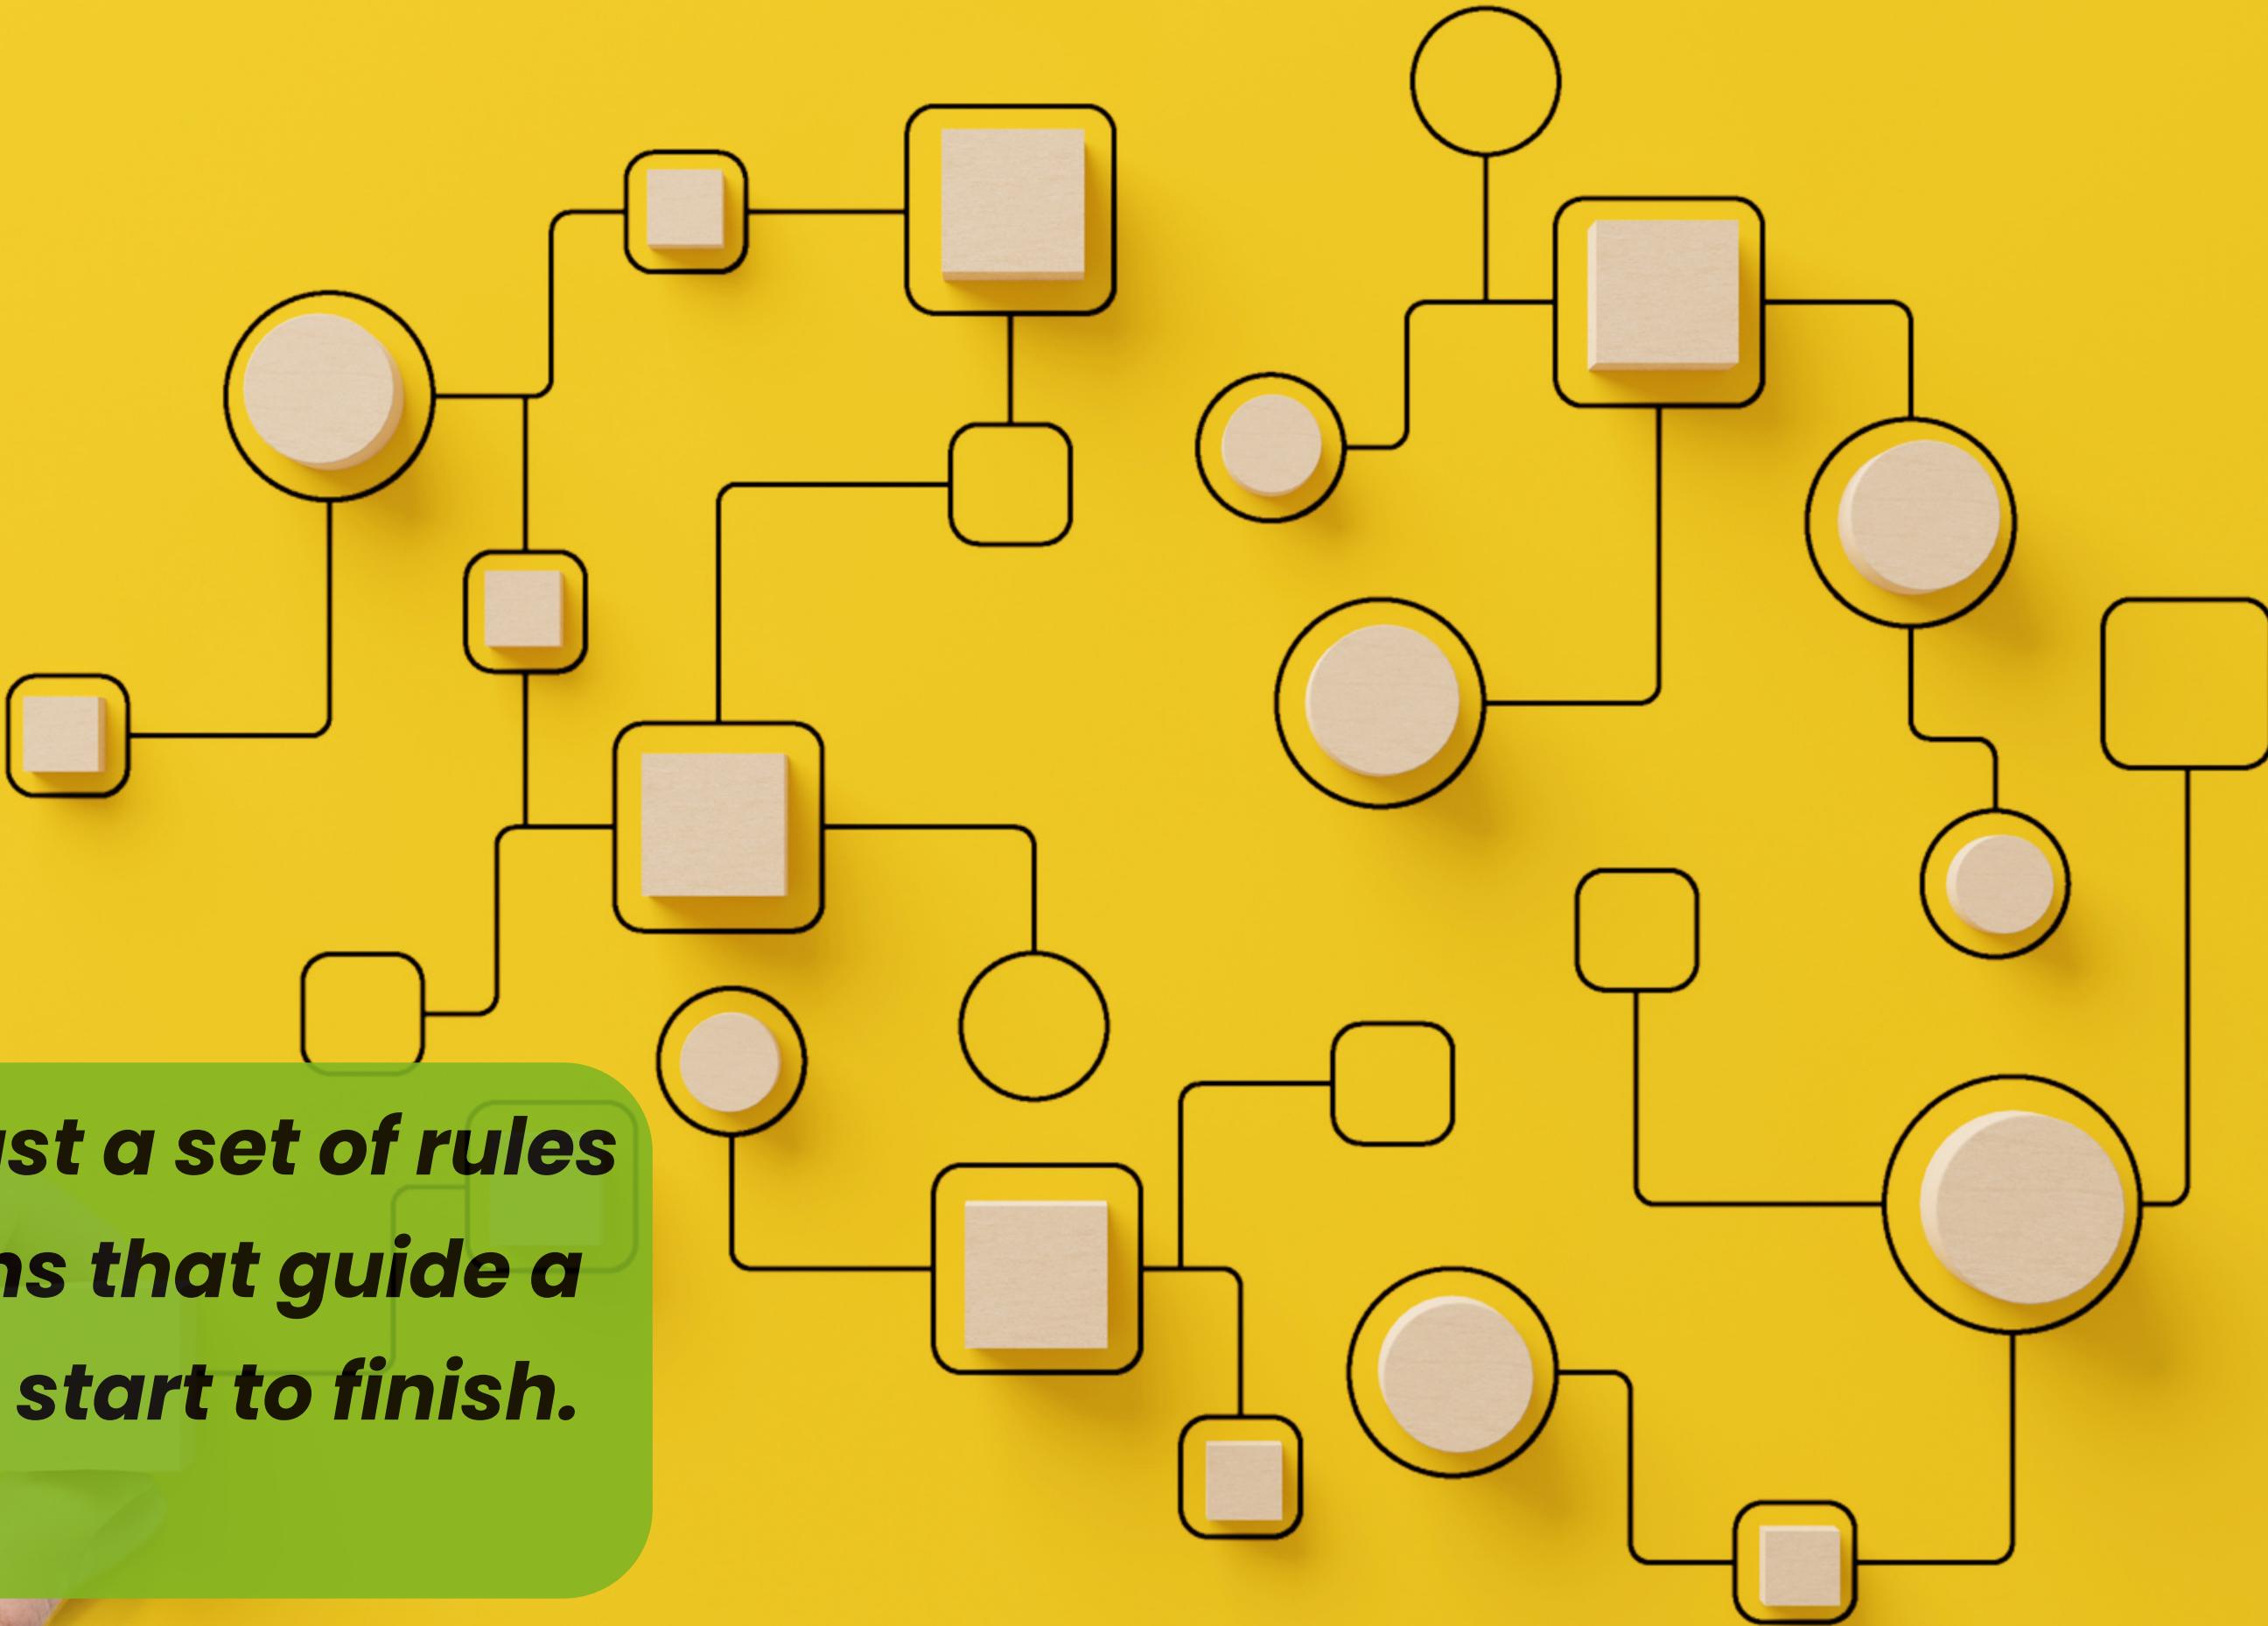

Automatically check if the code is correct, if the website still works as it should, and then, maybe, update the live website with those changes. All of this, without any human intervention!

***Workflow is just a set of rules
or instructions that guide a
process from start to finish.***

- 
- A vibrant photograph of a children's birthday party. In the foreground, several young children of different ethnicities are smiling and clapping their hands. They are wearing colorful party hats in shades of red, orange, yellow, and blue. The background is filled with more children and festive decorations like balloons and streamers. The overall atmosphere is joyful and celebratory.
- organized
 - efficient
 - ensures
 - everything runs smoothly

The background features a dynamic, abstract design composed of numerous thin, curved lines in shades of orange and yellow. These lines create a sense of motion, resembling waves or energy flow. A prominent feature is a large, solid yellow circle located in the bottom right corner. The overall aesthetic is modern, minimalist, and vibrant.

Thank You
